There are many pieces to the puzzle of barrel racing and in order to have a complete picture, all of the necessary pieces must be in place. Marlene and Doug will take you through three days of riding, learning and improving to get you and your horse to an entirely new level. Their goal is to make you and your horse a complete picture of success! All riding students receive t-shirts, awards and direct, one-on-one attention and training with Marlene. This clinic will be a tremendous experience for all involved learning different techniques and winning secrets all while having a great time!

Do not miss this learning experience!
